

BUREAU OF WATER PROTECTION AND RESTORATION
OFFICE OF THE BUREAU CHIEF

February 1, 2010

FEB 03 2010

Attn: Paul Stacey
Bureau of Water Protection, DEP
79 Elm St., Hartford, CT 06106

Dear Mr. Stacey,

It is my understanding that the draft regs have no standards for keeping Class 4 streams alive. There is no language at all saying what level of ecological health the stream must maintain. These streams are written off, and may be allowed to go dry.

I support the new streamflow regs and want them completed without being weakened. I believe that all streams will be placed in 1 of 4 classes. I strongly feel that **Class 4 must at all cost be eliminated or changed so that every stream in the state will have some level of protection.**

It is of paramount importance that we do not allow any streams to go dry. These basic measures are vital if we are to reach higher levels of ecological health.

Regards,

Annaita Gandhi
